# About Us

We, **Shree Venkatesh Industries (India)** are one of the leading manufacturers of paper based stationery. This venture was started by three partners-Hari Niranjana Agarwal, Manish Gupta and Rishi Dev Chaudhary, with trading and manufacturing experience, only with the motive of providing good quality stationery at best price, and with time, we have been able to achieve our goal. We are well versed with the complete process of manufacturing and we keep personal vigil on the whole process along with the well-trained supervisors and staff. We are also capable of developing new items as per the requirement of the buyers.

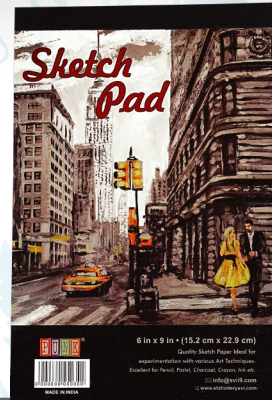

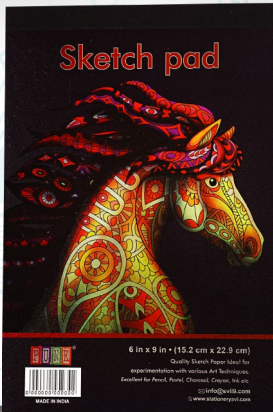

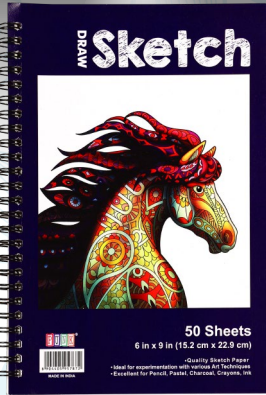

We started our stationery manufacturing unit in 2008 with one of the biggest Indian brand "**BILT**" and soon became their largest supplier. Gradually we added many more Indian & international customers to our basket. We have been manufacturing and exporting various stationery items to **USA, UK, CANADA** and many more countries either directly or through their buyers. Apart from this, we have manufactured various stationery items for distribution through **UNICEF/UNESCO**. We also manufacture stationery in our own brand name **PUNK**.

Along with the production of Student's Notebooks, Drawing Books, Writing Pads etc. we have been making daily requirement products like Refill Pads, Spiral & Twin Wire Bound, Notebooks, Composition Books, Index Cards, Filler Papers, Flip Charts, Hard Bound Notebooks, Artist Pads etc. We are well equipped and have in-house facilities to execute all types of processes required for manufacturing of all the above and many more products.
